

Police Chief Carl Beattie holds a fox which was roaming through Deseronto on Monday. Foxes are rarely seen during daylight hours in a town.

## Fox shot: possibly rabid

Deseronto Police Chief Carl Beattie shot and killed what appeared to be a rabid fox on Monday afternoon.

Chief Beattie spotted the animal mid afternoon, moving very slowly, on North Street.

"It is very unusual to see a fox in town during the day, and its behaviour was very suspicious. We were able to keep up to it on foot," he said.

With Assistance from Constable K. Trudeau, of the Deseronto Police Department and Constable Jeff Moracle from the Tyendinago Police Department.

Chief Beattie followed the animal when it reappeared on St. George St, until he was able to shoot it.

Dr. J.F. McCorquodale, the District Veterinarian for the Federal Health of Animals Division advised the Chief that since the animal had not come in contact with anyone during the time it was in town, it was not necessary to have the animal tested for rabies.

Dr. C.R. Lenk, the Medical Officer of Health for Hastings-Prince Edward cautioned recently that the incidence of rabies in the region was on the increase.

He said that a suspicious pet should not be shot, but should be kept isolated for 14 days, during which time it should be observed by a veterinarian.

In case a human being is bitten or scratched by an animal a doctor should

Dr. Lenk said that ordinary handling of a rabid animal is usually of no importance, "if no saliva is deposited on broken skin."

He urged that everyone keep in mind the fact that rabies is a deadly disease.

## Warning issued

The Ontario Ministry of Health has issued a warning against eating smelt caught in the eastern basin of Lake Ontario.

The warning comes because of the high levels of polychlorinated biphenyls (PCB's) found in fish caught in this region. People are being cautioned to eat no more than one serving of smelt per week, and pregnant women and nursing mother are advised to eat none whatsoever.

Smelt from the area are registering approximately 2.5 to 4.0 parts per million of the chemical. The highest acceptable level is two parts per million.

## Sorting needed at dump

Mayor Peter Dickinson, had his opportunity to view the problems of dump operation first hand this weekend when he acted as the attendant on the site during open hours on Saturday.

The Mayor did turn away some vehicles bringing garbage, not belonging to Deseronto residents," they didn't complain, they were half expecting it," he said. Most of the cars arriving at the site however, were from the town.

He said that it appeared one of the greatest problems was the lack of sorting of material being brought to the site. Many loads include old furniture, mattresses, worn out appliances, rubber tires and brush, all of which is dumped in the same heap.

According to Kevin MacLellan, an Environmental Officer, with the Ministry of Environment Office in Kingston, only clean brush may be burned.

He said that Deseronto had been granted a conditional permit to operate the dump, provided only bulky material and brush was dumped at the site. No household, or industrial waste may be deposited.

Any burning which the town wishes to do, he said, may be done only with specific permission each time burning takes place.

Mayor Dickinson said that the town had not burned refuse on the site for almost two years. With the lack of sorting, it would be almost impossible at the moment to extract burnable, clean, brush from the rest of the material now collecting on the site.

"It is a matter of educating the people who bring material to the dump," said the Mayor. "As long as things are not sorted we have no hope."

He agreed that in addition a competent and firm operator was needed to manage the site, but said, "such

a person is not easy to find, especially to work only on Saturdays."

Mr. MacLellan said that the Deseronto dump was not under any restrictions more rigid than any other dump. "We insist that all sites conform with the standards set for all land fill sites," he said, adding that each site does have particular problems which must be considered.

He said that in addition to maintaining the site in a relatively healthy state, by insisting that it be regularly covered, there are considerations of appearance. The Deseronto dump is located on an escarpment, and can be seen for some miles in all directions.

Prevention of eyesores, he said, is as important as other considerations. Mr. MacLellan said that the Deseronto site did not have adequate screening, either a fence or trees which would block the open dumping face from view. The Ministry requires that the garbage be covered with six inches of soil regularly, which has caused the town some apprehension.

Councillor Fletcher Vick told council some weeks ago that there just was not enough fill to cover the accumulations, with out digging trenches for dumping. Percy Brooks, a former member of the Streets Committee, and the Property Committee of council, said that if garbage were sorted, and there was regular burning of clean material, much of the pressure at the rapidly filling site would be alleviated.

Mr. MacLellan said that the present permit for the Deseronto Dump expires on August 30. He said that an inspector would visit the site before that date to decide whether or not to re-issue the operating permit.

A sign at the gate of the dump proclaims that only Deseronto residents may use the site, and that no household or industrial garbage may be dumped. Mayor Dickinson complained that those using the site had little concern for its future, noting that a load of household garbage had been dumped over the fence onto the dump road, before the gate was opened Saturday morning.

## Summer program Farms needed for students

For the past three years, the Ontario Ministry of Agriculture and Food has run the very successful Junior Agriculturalist program to help full-time commercial farmers teach urban students the basics of agriculture and rural life, while farmers get summer help in return.

This year, 200, 16 and 17 year old urban students will be placed on farms throughout the province.

To date, there have not been enough farmers to fill the requirements for hosts for the students. Many farmers who are capable of teaching the students and also need help on the farm do not apply and this is a mistake as the program can be beneficial to both.

Host farmers are to be engaged in farming full-time, and be on a commercial operation. They must also be interested in helping inexperienced young people develop the skills required on a farm, and have the ability to work well with, and supervise young people. The farm must also have suitable accommodation for students.

The students will receive \$16 per day as their training allowance. The Ontario Ministry of Agriculture and Food will provide \$6 of this and the farmer provides \$5 cash and \$5 worth of room and board per day.

The students will stay on the farm from June 21 to Aug. 20 working 12 days consecutively then receiving two days off, usually from after chores on Friday evening to before chores on Monday morning.

In the past, this program has worked out very well for all those who have participated, and is a help to the farmer and student.

This is not meant to provide cheap labour to farmers, but rather to provide a learning experience for both farmer and student.

Information and applications may be obtained from the Ministry of Agriculture and Food office on Dundas St. in Napanee.

## our member reports

By Clarke Rollins MPP Hastings-Peterborough

Drive a car to work? Heat your home with oil or natural gas? I don't know too many people who do not use these sources of energy to combat the onslaught of Canadian winters. Oil and gas are the economic backbone of our survival in Ontario and throughout Canada.

We all realize that the price of energy has dramatically doubled since the autumn of 1973. The existing price of Canadian crude oil is \$8 per barrel.

I don't want to recount in detail the background of events which resulted in that price. Suffice it to say that Ontario in 1975 vigorously opposed any excessive price increase until the rate of inflation had been brought under reasonable control.

Your government did not oppose the price increase for the sake of opposition but believed that any price increase should be related to the costs of production and not some arbitrary price level established by the world's oil-producing monopolies.

On May 6 the federal government will meet with the provincial premiers to discuss the need for another energy price hike. That meeting is to be held in private. Premier William Davis has proposed an open public meeting so that the public will gain a greater appreciation of the complexity of energy pricing. What is at stake affects every Canadian.

Just recently, the federal authorities presented an energy policy paper

suggesting that the price of oil per barrel by 1979 would reach \$12 roughly.

That is an increase of \$4.60 in that time period, meaning regular gasoline per gallon would jump some 18 cents per gallon and that the cost of heating your average home would increase by \$125.

Your personal reactions may vary. So What? or, Why are energy prices excluded from the guidelines of the Anti-Inflation Board? or, It is not inevitable anyway.

Those are queries which have a lot of common sense, a commodity, sometimes too rare when it comes to this issue.

Ontario is attempting to exercise common sense on energy pricing. Ontario's energy minister, Dennis Timbrell has outlined such a proposal to take into consideration all the conflicting factors in this situation.

In stead of blindly conditioning Canadians to burdensome inflation, and still higher prices, as proposed by Ottawa, Ontario proposes that "old" oil based at \$8 per barrel covers existing production costs.

However, that is not basically true for the development of new fossil energy sources, new fields such as the Beaufort Sea, the Mackenzie Delta, or Alberta's tar sands. Obviously, these sources are going to be much more costly.

Oil on the international market would be bought at prices charged by the producing nations, as Canada does in import-

ing Venezuelan oil for eastern Canada.

These three prices would be blended.

That means the volume of oil from each of these sources would be multiplied by the price from that source to result in a weighted average price.

That means the price of oil for all Canadians would be equal and fair to all concerned because the price would be directly related to costs of production and transportation.

The price of natural gas at Toronto would remain at 85 percent of the cost of equivalent energy derived from crude oil.

Gasoline per gallon would rise by over half a cent per gallon, instead of 5 to 8 cents if the increase of \$150 to \$2 per barrel were the result.

## Town of Deseronto

Allow me first to apologize for any inconvenience caused by the dates advertised for the Clean-Up sponsored by the Town.

Over the two week-end there were almost 100 truck loads of refuse removed from the Town by the Streets Department, plus numerous others that were taken by citizens themselves. To those of you that participated in the Clean-Up you are to be commended. Our Town is all the better for it.

Thank you,  
Carl C. Beattie,  
Chief of Police

Two Building Lots One with services one in the country. Call now.

In the afternoon, between 2 p.m. and 4:30 p.m. there will be guide-yourself tours for senior high school students and the general public. Individual visitors will be able to pick up hospital maps and information brochures and members of the Hospital Auxiliary will be available along the route to answer further questions.

Areas included in the tours are Patient Care, Supply Processing and Dispatch, Laundry, Laboratory Medicine and Radiology.

If the tours prove successful, the hospital will consider further "open days" at a later date for those students and citizens who could not be accommodated May 12.

The annual meeting and banquet of the Lennox and Addington Historical Society will be held on Saturday May 8, in the Odd Fellow's Hall, on Water Street in Napanee. Professor George Richardson, of Queen's University will speak on the Napanee Brickyards. An added attraction will be the viewing of a film to be donated by the society by its producer, Earl Morrison.

Cummings Davenport, editor of the Society's bulletin, reports that the campaign to raise funds for the facilities and furnishings for the museum is continuing with a total of over \$12,500 raised through donations and pledges so far.

One of the greatest problems at the Deseronto dump, is the great mixture of materials being unloaded at the site. Unless various types of materials are sorted, it is virtually impossible for any burning to be done at the site, causing the dump to fill up rapidly with bulky, burnable materials. Here a pile of rubbish is pushed to the face of the land fill site.

Deseronto Cubs and Scouts held a successful carwash at the Smith and Mitchell garage on Main Street on Saturday. The youngsters spent most of the day sudsing and hosing down dozens of cars in their bid to raise funds for scouting activities.

## Taxes to increase: streets take priority in '76

Deseronto Town Council passed the 1976 budget at the regular meeting of council on Monday. The result: taxes will increase, but, council was quick to point out, not as much as many municipalities.

On a typical residential assessment of \$2,000, the taxes for 1976 will be \$399, an increase of about 13.3 percent from last year.

The increase on the commercial assessment is approximately 13.1 percent.

This year the amount needed to carry out the budgeted activities will be \$410,518, in 1975 the amount needed to be raised was \$363,589.

The total amount of revenue, from grants and government allotments will be \$191,228 this year, up from the sum last year, of \$163,464.

The difference between the amount required, and the total revenue must be raised through taxes.

Costs of running most departments have increased from last year, primarily because of the increased costs of paying salaries, and buying material.

Wages in the Police Department, streets department and for crossing guards, jail attendant, and library assistant have all increased.

The Streets department will be receiving about \$20,000 more this year, so that the streets which were dug up to install the sewage system can be surfaced.

Main Street and Dundas Street do not come under the town jurisdiction, but Carmen Milligan, Clerk-Treasurer of Deseronto said that the County was going to install storm sewers, curbs and gutters on Main Street, although it would not repair the travelled portion of the road this year, and would continue to remind the Province of the poor condition of Dundas Street, a provincial highway.

The property committee will be receiving a larger sum than last year, partly Mr. Milligan said, because of a recommendation by the Ontario Fire Marshall's Office. The fire hall needs another bay, so that vehicles stored in the hall can be removed from the building more easily. At the moment the trucks are parked one behind another, and a mechanical breakdown could prevent the one inside from being removed. Construction of the new bay will be on the east side of the building, and will probably be done this summer.

The property committee looks after town properties, the town hall, fire hall, police office, library, street department garage and as well the cost of heating, insuring and maintaining the properties has increased.

The parks budget is the same as last year, and the recreation budget is up slightly, covering costs of all recreation programs, outdoors and at the arena.

The Community Centre does not require any funds this year; a grant from the province will cover the cost of the debenture payment, and members of the Community Centre Board expect to be able to cover the cost of the operations of the centre through fees and rental of facilities.

In addition a number of small donations to charitable organizations, such as the Red Cross and the Salvation Army were made.

The Cemetery Board received a small grant, and the Library Board also received a grant, although not the full amount requested by the Board.

While the assessment increases are in the range of just over 13 percent, the requisition for education increased over last year by 18.6 percent, while the general purpose levy, which covers the town operations costs only increased by 3.9 percent.

In addition the town will raise a certain amount of pressure to under funds, because the total assessment base, or value of taxable properties, decreased, because of the closing of Ideal Vendors.

## Dump cleanup is ordered

Is it or isn't it? the question of maintaining the Deseronto Dump came up once again at the Council meeting on Monday, and the debate is continuing.

There is still no attendant to look after the dump, and organize dumping of material being brought to the site by residents.

For two weeks members of Council have taken over the job, and council gave Councillor Fletcher Vick the authority to hire a temporary attendant to act until a decision is made.

He told Council that representatives from the Ministry of the Environment had given the Town six to 10 days to cover the dump face following an inspection carried out last week.

The job is partially completed, but will require another few days of work.

Art Carter, of A. Carter and Sons Haulage, in a surprise move, spoke to Council during the debate on the future of the site, and offered to purchase it.

Council told Mr. Carter to come back when the Ministry of the Environment had made its recommendations following the clean-up of the site now underway. At that time, Councillor Vick said, Council will be in a position to reply to his offer. No sum was mentioned.

If the dump remains open, a source of fill must be found to cover material brought to the site, a matter which Mayor Dickinson told council could

Walter Lewis, a student of history at Queen's University will be in Deseronto sorting through the library's collection of Canadiana for the next six weeks. He is being supported by a grant from the Lake Ontario Regional Library System.

## Library adds new study room

The Deseronto Public Library has been the site of much activity during the past few weeks, not only because of programs and displays arranged by Librarian Heather Granatstein, but upstairs a new room will be opened shortly.

Designed as a display centre and special study area, the new room has cost the Board in the neighbourhood of \$1500, a further \$500 was provided by a grant from the Lake Ontario Regional Library System.

The work represents a substantial benefit to the town which owns the

building, but will also take a major chunk out of the cash kept on hand by the Library board, close to half.

Ironically, the Deseronto Town Council chose to reduce the sum of money allotted to the Library, and gave the board less than it requested for the coming year.

Funds received by the Library Board pay salaries to the Librarian and her assistant, Brenda Lawlor as well as cover the costs of all books added to the collection.

This summer, a student Walter

These two horses were among those who drew the coaches for the Howard Bus Company, the first bus line to be operated in the town of Deseronto.

## Deseronto's Bus Line

by Vera Ryan

Henry "Hank" Howard and Sam Allen started the Howard Bus Company, the first in Deseronto. They started it in about 1900.

The first coach was one with a high seat for the driver, where he sat with his foot on a strap which held the door closed, to prevent passengers from falling out. The second was like a bus with the door in the rear of the coach.

There was a stable barn for the horses located at the back of the Deseronto House, a hotel owned by Wm. Hatch.

At that time, there were six hotels, O'Connor House, Deseronto House, Oriental House, Empress Hotel, Marrigan House and Arlington Hotel.

Mr. Luffman used to drive the bus between the station and hotels, and also provided transportation between the station and private homes. When the Bay of Quinte Rail Road broke down, or could not go through because of snow, the bus would take passengers

out the boundary road, along the old Slash road, then through fields to the junction, in order to make the connection with the old Grand Trunk Rail Road.

The fare was 15 cents per passenger, from the station to a hotel or to the destination in town. Some used to charge their fare, and pay by the month.

My mother, Mrs. Luffman says she can recall Aunt Bert keeping the books and sending out the bills, which she said some hated to receive.

My father was one of the eldest surviving employees at the time of his death, and also the oldest employee who was involved with the Bay of Quinte Rail Road. He started there in 1880. The late Wm. Raven was a conductor.

Dr. D. C. McKivier, and his mother, father, Agnes and Jim McKivier (now deceased) managed it. Daniel McKivier owned it.

Two eight cent stamps commemorating the centenary of the Royal Military College of Canada in Kingston have been issued. The stamps will be issued June 1.

## RMC celebrates

The Royal Military College of Canada in Kingston, Ontario, has served Canada proudly for one hundred years. Together with Royal Roads, established in 1942 near Victoria, B.C. and the College militaire royal de Saint-Jean, opened in 1952 at Saint-Jean, Quebec, RMC trains and educates officer cadets and commissioned officers. The colleges provide a broad-based university education, develop leadership, bilingualism and physical fitness, and stimulate "awareness of the ethic of the military profession...."

Feeling that "a self governing colony ought to shoulder the burden of its own defence," Prime Minister Alexander Mackenzie founded a college for officer cadets in 1876. The college was to emphasize engineering, a valuable martial art and a civilian skill of which the young nation had a tremendous need. Indeed, by 1900, hardly a Canadian "bridge, road or railway line was built without the assistance of an engineering graduate of RMC." Prime Minister Mackenzie installed the new school on Point Frederick at Kingston, a city rich in military lore. Comte de Frontenac, Governor of New France, built a fort there in 1673. During the War of 1812 the facility was "used effectively to save Canada."

The Military College opened on June 1, 1876 with the arrival of the first class of Gentlemen Cadets, "The Old Eighteen." They were greeted by Commandant Edward Hewett, a British officer who established the school's high standards and reputation and the motto "Truth, Duty, Valour." While Hewett was commandant, Queen Victoria granted the college the title "Royal" and the Mackenzie Building, appearing in one of the stamps, was erected. From the beginning, the school imbued cadets with a "sense of responsibility, of self-discipline, of

fair play and of fellowship. The traditions, the discipline, the spit-and-polish smartness (were)... largely responsible for building character and producing leaders" and for giving the school its colour.

It is a tribute to the quality of people who have attended RMC and to the quality of the education and training, that the graduates have a spectacular record of achievement, including eight Rhodes scholarships since 1959. RMC created a nucleus of highly skilled officers such as Generals Crerar and Simonds and Air Marshal Billy Bishop, Canada's foremost air ace. Around individuals of this type, the nation assembled powerful forces. However, in forging some of Canada's greatest military feats, ex-cadets sacrificed much. The Memorial Arch, pictured in one of the stamps, commemorates those killed in wartime. RMC graduates have received many honours, including two Victoria Crosses. Some former students have been prominent within the RCMP. In government, business, law, medicine, science, education and other fields, the alumni have added lustre to the name of the Royal Military College of Canada.

Will Davies, RCA, the designer of these stamps, is a native of Ontario, and studied at the Royal Canadian College of Art in Toronto, where he now teaches. He was elected to the Royal Canadian Academy of Arts in 1974.

## Mohawk Sunday

Mohawk Sunday, the Annual recreation of the landing of the Mahawks at Deseronto will be held on May 23 this year.

The ceremony will begin at 9a.m. on the shore and there is to be a church service following the landing.

held at the Church of the Redeemer on Sunday, with the Sunday School teachers taking part. The Children presented their mothers with a flower corsage.

Mrs. Violet Barbier spent the week-end with her sister Mrs. Kay Hood.

Guests at Mrs. M. Ryans on Sunday were Mrs. M. Luffman, Quinte Beach Nursing Home and Mr and Mrs. J. Ivory, Marven.

Mr. and Mrs. K. Wood of Kingston Mr and Mrs. D. McTaggart and Penny had dinner on Mother's Day with their parents Mr and Mrs. S. McTaggart, and Debbie.

Mrs. D. Bosky, of Thomas St. was a patient in the Belleville General Hospital and has returned home.

The Deseronto-Napanee Sea Cadets, RCSCC Hawk, will be holding their annual inspection at the Cadet building in Deseronto on May 16, in the evening.

It was decided at the most recent meeting of the Anglican Church Women afternoon group, to take money from the cookie fund to be given to the Quinte Beach Nursing Home, by the Vestry Committee.

The winners of the euchre held Apr. 27, by the Tyendinago Senior Citizens Club No. 502 were:  
Mens High D. Andrews  
Mens second Arthur Hill  
Mens Low Pascal Beyette  
Ladies high Darlene Hill  
Ladies second Frances Hill  
Ladies low Ula Harvey  
Lone Hands Florence Jaynes  
Door Prize Martha King

The members enjoyed a lunch of fried chicken and a pot luck supper, on May 1.

Vellis Maracle said the Grace. At After the feast, games were enjoyed and the singing of old time songs with Millie Burleigh providing piano music.

Ada Maracle read some interesting poems, and Andrew Maracle spoke. There was a guess made on the

contents of a jar of pennies, and Ada Maracle won.

Games of euchre concluded, and the winners were as follows.  
Mens high Brock Thompson  
Mens second Robert Balender  
Ladies high Millie Burleigh  
Ladies second Ruby Maracle

The next public euchre will be on

Tues May 11.

The interior of the main room has

been redecorated and painting on the

outside is almost completed.

The May 6 meeting, was well attended and a special welcome was

given to new members, was made by

Vellis Maracle and supported by an

ovation from the members.

Phil Jud reported on cards sent

to members who had recently had

birthdays and the birthday song

was sung, accompanied by Millie

Burleigh playing the piano.

Myrtle Ulac expressed thanks

for a card she had received.

The secretary's report, and treasur-

er report were read, showing an

excellent bank balance.

Ruth Brant presented a generous

donation and there were numerous

discussions, all for club benefits.

Ada Maracle was elected to pick

up a donation from the recreation.

A letter was to be written concern-

ing an invitation to Johnstown N.Y.

and Mark Maracle was elected to

inquire about buying.

The meeting was adjourned and

a meal was served.

# OBITUARIES

CLAUIS: Albert, Devlin, passed away on Sunday May 9, in his 83rd year, at the Belleville General Hospital.

Mr. Claus was the dear son of the late Dow Claus and the late Margaret Maracle, and the dear brother of the late Herman Claus.

He was the dear uncle of Leslie, Mary and Kenneth Claus, of RR 1 Deseronto.

Mr. Claus resided at the White and Morris Funeral Home, in Deseronto, and the Funeral was held at All Saints Church, on Wednesday May 12, at 2p.m., and conducted by the Rev. Cyril Betts.

Interment at the Parish Cemetery.

DAVIS Norman Campbell of 95 Mill Street, Deseronto passed away on Wednesday May 5, in the Kingston General Hospital, after an illness of three months.

Mr. Campbell is survived by his wife Stella Mallory, and his children, Phyllis (Mrs. Jack Lopp) of Belleville and Paul of Deseronto and a sister, Mrs. Earl Vandewater, of Toronto.

A member of the Deseronto United Church, Mr. Davis had lived in Deseronto for 40 years, and worked as a gardener.

He was born and educated in South Fredericksburg, the son of the late Marshall Davis and Adelaide Scott.

The Funeral was held at the White and Morris Funeral Home, on May 8, at 2p.m.

# Councillor replies to charges

Councillor Marvin Brooks replied to the charge of a Deseronto Service Station Operator, that his garage had not received an opportunity to submit tenders on work done to town vehicles.

Mr. Brooks said at the council meeting on Monday that he had checked the files and the records contained an estimate on body work to be done on the cruiser.

"I just want the record to show that they did have an opportunity to bid on work done, and the estimate was much higher than the one we took up."

# Dump clean up

Continued from page one

not strictly be solved by burning as has been previously suggested.

"What do you do with a truckload of plasterboard?" he asked council, noting that that had been one item brought to the site while he was managing the dump.

Councillor Vick told Council that "we need a first class man to look after the site," and later said that he was not confident that such an individual could be easily found.

The question will not be answered until the Ministry of the Environment makes its recommendations within the next month.

and was conducted by the Reverends Bob and Beverly Thompson.

The pall bearers were Don Fingland, Maurice Dellor, Pat Stuart, Harold Piercy, Tom Doyle and Sherman Shemon. Mr. Davis was 93.

AYLSWORTH: Herbert Lawrence, of RR 6 Napanee, died at his home on May 6, 1976.

Mr. Aylsworth was 85, and died suddenly. He had lived his entire life at RR 6 Napanee, and was survived by his children: Christie, Mrs. E. Manning, St. Thomas, Ralph, RR 6 Napanee; Doris, Mrs. George Clare Coppelcliff, Ross and Alton of Scarborough, Shirley, Mrs. Les Eisey, Oakville, Donald of Napanee, Marion Mrs. Ernest Burley, Belleville.

Mr. Aylsworth was predeceased by Herchimer a son, and his wife, Grace Rendell. There were 24 grandchildren and six great grand children.

Mr. Aylsworth was the last surviving member of his family the son of the late Herchimer Aylsworth and Millie Anderson.

He was a retired farmer, and a member of the Deseronto United Church, a past member of the Lions Club, and of the Lennox and Addington Agricultural Society.

The funeral was held Thursday May 8, at 3.30p.m. in the White and Morris Funeral Home, conducted by Robert and Beverly Thompson the pastors of the United Church. He was buried at the Deseronto Cemetery.

The Pall Bearers were Bill Manning, Ron Aylsworth, Roger Aylsworth, Herb Aylsworth, David Aylsworth and Terry Aylsworth, all grandchildren.

## Agricultural program for teens

To most 16 and 17 year olds, farming is getting back to the land and the fresh, clean air of the country side. But those taking part in the Junior Agriculturalist program will be discovering that's not all it takes to run a successful farm operation.

Host farmers for the Junior Agriculturalists accept the responsibility of helping these inexperienced young people over a nine-week period during the summer. They are interested in young people and interested in teaching them the basics of agriculture.

This summer the program will be operating for the fourth season. Young people will be placed on selected commercial operations throughout the province where they will live with and participate in the regular activities of the family.

The young people will receive a training allowance of \$16 a day, of which the Ministry of Agriculture will pay \$6 and the host farmer will provide cash in addition to room and board worth \$5 a day.

Details of the program and applications for host farmers and interested people can be obtained from the Napanee office of the Ontario Ministry of Agriculture and Food.

## Notice of Public Hearing

ISSUE NO. 1

OTTAWA, ONTARIO

JUNE 8, 1976, 9:30 A.M.

The Canadian Radio-television and Telecommunications Commission will hold a public hearing beginning on June 8, 1976 at the Chateau Laurier Ottawa, Ontario to consider the following:

NAPANEE - DESERONTO CABLEVISION LIMITED,

Application to transfer 1,500 common shares representing (50%) of the issued and outstanding common shares and 250 preferred shares from R.C. Dawson and W.T. Lelliot (deceased) to E. Morrison and W.J. Simpson.

Location where the application may be examined:

117 John Street, Napanee, Ontario.

### INFORMATION ON APPLICATIONS

Right to comment: Under the Commission's Rules of Procedure for public hearings, any person who is interested in an application may file a written intervention with the Commission for the purpose of supporting, opposing or requesting a modification of the application. Also, anyone may file a written complaint or other representation to the Commission respecting broadcasting matters to be considered at this Public Hearing.

Such interventions or representations should contain the name, address and telephone number of the person submitting the document and be sent to the undersigned at the Canadian Radio Television and Telecommunications Commission, 100 Metcalfe Street, Ottawa, Ontario K1A 0N2

All interventions and representations concerning matters to be considered at this Public Hearing must be received at the Commission Office by May 24, 1976. Also all interventions and representations which concern or affect any application of an applicant shown on this Notice must be served on such applicant personally or by registered mail on or before May 24, 1976.

It is necessary to attach the postal or messenger receipt, or other proof of service to the copy filed with the CRTC giving proof that the applicant has received his copy.

While there is no specific form which interventions must follow, the Commission's Rules of Procedure require that interventions describe the interest of the intervenor and contain a clear and concise statement of the relevant facts and grounds upon which the intervenor's support for, opposition to or proposed modification of the application is based.

Viewing of documents: Anyone can view the applications at either the office of the CRTC, 100 Metcalfe Street, Room 1601, Ottawa, Ontario or at the local address given in this Notice for examination of the application.

Procedure at Hearings: The CRTC Rules of Procedure setting out the rights and obligations of the parties to a hearing are available from:

Publishing Centre,  
Printing and Publishing,  
Department of Supply and Services,  
270 Albert Street,  
Ottawa, Ontario.

Information: For additional information on the applications at the hearing, please contact the CRTC in writing or by phone 613-996-2294 or 955-6957

## Emergencies only!

Over the past few years, numerous studies have been undertaken of hospital emergency departments, pointing to the fact that these departments are frequently subjected to non-emergency uses.

One such study, conducted in two Hamilton hospitals last year, showed more than one third of emergency department visits were not urgent.

In order to deal with this problem, at least one institution, Toronto's Hospital for Sick Children sorts out the real emergencies from the non-emergencies, as soon as the patient walks in. This is so that, in the words of one physician, urgent cases don't have to stand there bleeding while someone takes their OHIP number.

And that, of course, is what emergency departments of hospitals were designed for, urgent cases for people who have suffered fractures or any other emergency needing immediate help.

What is happening though is that the emergency department of the local hospital has evolved into a convenient place to wheel in people with assorted cuts and bruises and or minor aches and pains, people who really should have gone to their family doctor, or coped with the situation themselves.

This evolution is understandable or at least partly so. Minor afflictions don't wait to happen only during your physician's office hours, they can occur at any time. And if you do have a health concern and can't reach your doctor, the emergency department is the place to go.

But to get back to those research studies, what they are showing is the overwhelming majority of non-urgent cases turning up in emergency departments do so during the day-time, when family doctor's offices are open for business.

## Cemetery vault needs repair

The Deseronto Cemetery Board has advised the Town Council that the cemetery vault is in need of immediate repair.

In a letter sent to council and read on Monday night council was informed that the vault roof was leaking, the walls were crumbling requiring immediate attention. The letter asked council for advice on the matter.

In an interview later, Peter Morris, a member of the board, said that in addition to the structural faults in the cemetery building, which he estimated would cost approximately \$700 to \$800 to repair, there were a number of dead and dying elm trees which he considered a hazard.

Mr. Morris said that he was not sure how much money the board had on hand, but said that he did not believe council was aware of the magnitude of the repairs required.

He explained that, under the Cemetery Act, the board was required to inform Council of its actions.

Council voted unanimously to inform the Board that Council had no jurisdiction over the actions of the board.

Council gives an annual grant of \$500 to the Cemetery Board to help defray costs. The balance comes from the perpetual care fund, money invested from the sale of plots. Only the interest from the fund can be spent on the cemetery upkeep, which must cover maintenance costs, salary for the secretary and caretaker and care of the grounds.

DESERONTO ONT

Sixteen youngsters received their yellow belts in Karate, the second stage of proficiency last Friday. Here Mark Loney, seven, the youngest member of the class stands with instructor Herb Puetz. The others who received their belts were: Andy Alkenbrack, Muriel Gardiner, Gwen Moon, Rhonda Whiteside, Christa Puetz, Terry Moon, Linda Gardiner, Sherry Woodcock, Dale Loney, Doug Loney, Lyle Totton, James Gardiner, Steve Lavature, Holly Hollywood and Richard Southern.

## helen harmer's homemakers corner

### SOUR CREAM APPLE SQUARES

This recipe is an excellent quick dessert made extra moist and light with the addition of sour cream. A good way to use some of those tired looking apples that are around.

- 2 cups all purpose flour
- 2 cups firmly packed brown sugar
- 1/2 cup butter or margarine (softened)
- 1 cup chopped nuts
- 1 to 2 tsp cinnamon
- 1/2 tsp salt
- 1 cup dairy sour cream
- 1 tsp salt
- 1 tsp vanilla
- 1 egg

2 cups (two medium sized) peeled, finely chopped apples.

Preheat oven to 350 degrees, lightly spoon flour into measuring cup (level off) in large bowl, combine first 3 ingredients, blend at low speed until crumbly, stir in nuts.

Press 2 3/4 cups crumb mixture into ungreased 13 X 9 inch pan.

To remaining mixture, add cinnamon, soda salt, sour cream, vanilla and egg, blend well, stir in apples.

Spoon evenly over base

Bake 25 to 35 minutes until toothpick until toothpick inserted in centre comes out clean.

Cut into squares, serve with whipped cream makes 12 to 15 squares.

- 1/2 cup vinegar
- 2 cups celery, cut
- 1 cup, diced pineapple
- 1 cup catsup
- 1 tsp salt

Mix sugar and vinegar until sugar is dissolved.

Pour over, celery pepper, pineapple chunks

Allow to "pickle" a few hours.

The longer the better, stir, occasionally to blend.

Sprinkle soy sauce on spareribs, cut in two, mix well

Saute in shortening until golden brown, drain.

When vegetables are well pickled, deacid fluid and pour over spareribs,

Add pineapple juice, catsup, salt and allow to simmer.

Cover for 1 hour.

Mix cornstarch with just enough water to make thin paste, and add to spareribs.

Stir until sauce thickens.

At the time you wish to serve, add pickled vegetables (DO NOT COOK)

Mix well, serve at once.

Also a good sauce for sweet and sour chicken.

### POT ROAST THAT COOKS ITSELF

Today is the day you have to attend a meeting or a Church Sole, and be home in time for the family supper. Here's what to prepare that cooks itself

Line a dutch oven with aluminum foil, if necessary, fold two pieces together so they won't leak. Set a 3 to 4 pound roast on the foil.

Sprinkle with 1 envelope onion soup mix and add 1/2 cup apple juice, 1/2 tsp thyme, garlic powder to taste and a pinch of sugar.

Close the foil all around the meat, Cook 3 hours in 325 degree oven.

If you're not ready to eat after three hours, turn off the heat and let the meat rest in the oven.

It will remain hot a long time.

Mrs. Elizabeth Bowlby, of Lonsdale, examines a collection of Historic drawings and articles which are now on display at the Deseronto Public Library. The drawings by Jerry Stapley, of Stirling include a number of Deseronto, Shannville and Lonsdale sites among other Hastings County subjects.

## Library adds new study room

Continued from page one

Lewis, a second year student of History at Queens University is sorting through the collection of Canadiana belonging to the Library, to determine what the collection contains and to organize it to make it more accessible.

He will be in Deseronto for a period of about six weeks, then may return

later in the summer if there is enough work remaining to merit the extra time.

He said that a quick examination of the collection indicated that there was a considerable number of unusual and very valuable books.

Within a few weeks, the Regional Library System will install a microfilm reader, so that microfilm material kept in the library can be read.

On Wednesday, David Maracle, a teacher at the Tyendinaga School will be setting up a special display of information about the Mohawk language, including pamphlets, tapes and visual aids.

There is also a special display of drawings and information of Historic sites in Hastings County, drawn by Jerry Stapley of Stirling.

## Film depicts hardships

This time, the cast of the film about Indians, is Indian, acting out a story that is often difficult, sometimes tragic.

Buckley Tetowabano, a Cree, and Ojibway Johnny Yesno are the stars, Chief Dan George makes a guest appearance, and the extras are Indian.

These are the ingredients of the National Film Board's 70 minute feature film, Cold Journey, the story of 15 year old Buckley, a Cree raised in the Residential Schools, the integration experiments, the language and culture of the white man's world. He's lost, looking for home.

The film premiered in The Pas, Manitoba, a community of 30,000 and one of the biggest reserves in Canada. The home of the Troopers' Festival, about 600 miles north of Winnipeg; and one of the three main locations where the film was shot.

Based on the success of the opening, the film will be booked in several theatres across the prairies, mainly in the small communities close to native populations.

There will be special screenings at the film's two other locations, the Piapot Indian Reserve, north of Regina where they filmed a Pow Wow and at Pelican Narrows in Northern Saskatchewan.

"We want to bring the film first to the people it was made for. It's too important to be killed off by big city indifference," says Martin Defalco, the film's director.

Johnny Yesno and other members of the native community were involved not

just in the making of the film, but will work in distributing and promoting it. Mr. Yesno was in Kingston last week with the film.

Because they have better access to the communications channels in native communities, they will be promoting the film among the band councils and native organizations in each province.

"We hope to reach the entire native population of Canada," says Defalco.

The NFB's original idea was to make the film for and with the native community. Johnny Yesno participated in writing the film's commentary and does the narration.

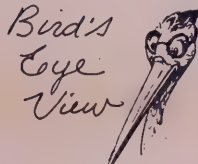

There were Indians on the film crew, trained in previous months through an NFB film training project.

Cold Journey was first shown at the annual meeting of the National Indian Brotherhood "to see if we succeeded in all our noble intentions," explains Defalco.

As a drama it appeals to any theatre audience. Yet while it is fiction, its facts are those of a documentary, a "true-to-life portrayal of a situation that many many Indians are facing," says Defalco.

It has no answers, but by showing facets of this complex problem accurately and forcefully, it does provoke a lot of questions.

"If audiences are ready for something other than a Hollywood cowboys and Indians stereotype, then Cold Journey will be an important film," the director says.

by  
Ouille S.  
Greenbush

The crop prospects is looking worse and worse and the rain keeps coming and coming. Barley's three weeks late and the hard corn should be planted now and a lot hasn't got the fields worked yet. I saw a few fields that was put in during that real early hot spell, one had a two rod strip corner to corner drained out, couple of others looking awful yellow.

Might be that Pearl Buntree might need to spend more of her ill got high salary to buy imported food stuff. Least wise, its good to know that farmers in other countries who are getting proper pay for their work will be selling more.

Saw where the CIA is making a scary prediction about the climate going hairy and the fights that would come up over food. We won't pay it no mind in Canada unless Washington phones up and tells us to. Good land in the Niagara is still be'n put down to wall to wall pavement and the rocky north is be'n left to cottages and scrub. All them great northern visions of the politicians don't come to out with out good strong land saving laws, to make em go.

My new goat Penelope is getting more pregnant every day. Her udder scrapes when she steps up into the barn door and she walks or should I say waddles across the field, in as dignified a manner as she can muster.

This is her second time around, she had a buck kid last year and she's looking like she is going to have at least twins. I read that that's the normal number, and triplets and quads aren't that unusual.

Still finding it hard to get used to talking about a milk animal that ain't a cow. Like she don't have quarters she has halves. She also has a heap less of heaps to clean up. Real neat little dry droppings with no smell to speak of. I don't know what gave goats such a bad reputation, the more I see of them the more I think of them.

Well in two or three weeks time I'm going to have to come up with some names and get down to milking our Penelope. Reckon I'll be able to count on Elma helping out cause she's fallen in love with our Penelope. May not get any garden in this year, but we'll be drinking fresh milk anyhow.

Grade 7 and 8 students at Deseronto Public School are training for a track and field day at their school May 28. Due to the recent bad weather, the students did not have much chance to use the field for practice but hope to do well.

## Warden urges Hastings Holiday

Warden George Lyons of Hastings County, and Reeve of Deseronto, urged those attending the Highlands of Hastings Tourist Region dinner to take a holiday in Hastings, for one of the best they will ever have.

This summer 10 tourist information centres will be operated throughout the County, and information brochures will be available at the provincial parks, Warden Lyons told the group.

He said that a scheme to use crown land in Lennox and Addington County to open approximately 200 more campsites had been abandoned, in order to

provide competition with the private sector.

The guest speaker for the dinner, held in Belleville, Peter Hughes said that competition for the tourist dollar was on an international level.

He said that "If we want our share of these dollars, we must go out and get them."

He added that the State of Florida spent 52 percent of its advertising budget in Canada, and suggested that the Hastings association distribute its brochures through Ontario Government tourist office. These he said were not only found in Ontario but throughout the United States.

## Township levy up 6.9%

Tyendinaga Township Council came up with a 6.9 percent increase in mill rate in their 1976 budget May 12. The total tax dollar to be raised is \$273,000.

The tax levy to the high school is for \$82,249 as opposed to \$59,346 in 1975. Public schools will get \$72,472 compared to \$62,290 last year and separate schools will receive \$17,561 as opposed to \$14,649 in 1975.

The biggest expenditure for the Township will be the road budget with \$191,154. A provincial government grant will cover \$125,000 of this amount.

The county will receive \$52,332. In 1975, it received \$95,108. This decrease results from an Ontario Municipal Board decision on County apportionment of levies in 1975.

The amount designated for Township expenses is \$79,422. Last year it was \$46,261. This will cover fire service, salaries and other connected costs.

Grants were also made to the Township library for \$1,250 and smaller amounts to the Salvation Army, the Agricultural Society and the snowmobile club.

## Rabies not yet epidemic

Nine people from the Tyendinaga Reserve will receive rabies shots following an outbreak of the disease in the area.

Three foxes have been shot, one in the town of Deseronto, and two on the reserve.

Deseronto Police Chief, who shot one fox in Deseronto has cautioned all people to keep their pets tied up and close to home, and to report all unusual behaviour to the police department. A family doctor should be contacted if there are any scratches or bites that break the skin in these cases.

At the end of last week, following the reported outbreak of rabies, Dr. W.C. Ludolph, a veterinarian with the department of Agriculture, health of animals branch, said that the department was considering holding an anti-rabies clinic, although no final decision has been reached.

Still, animal owners are cautioned he said, to have their pets vaccinated. He said that while there is an increase in the incidence of rabies

in the county, it was not considered an epidemic.

Foxes are the number one carrier of the disease, followed by skunks. Bats also carry the disease on occasion.

## Students to visit Kingston

Sixty students in grade 5 and 6 at Deseronto Public School will take a trip to Kingston May 28.

Three teachers and nine volunteer parents will accompany the group.

They will visit Old Fort Henry, Bellevue House, Queen's University campus and the site for the sailing Olympics this summer.

The program includes pre-teaching and follow-up work at the school.

The trip is incorporated with the social studies and language arts program.

The school has also organized trip to Ottawa and Ontario Place.

The primary class will spend half a day in Belleville to see the Garden Brothers Circus.

## Two injured by signs

Two residents of the Tyendinaga reserve were taken to the Lennox and Addington County General Hospital after the truck in which they were driving was struck by a passing vehicle.

Brant Maracle, 38 and John Maracle 20 were both injured, when a load of signs and lumber which was being carried on the back of the vehicle was knocked through the window of the truck, striking them.

The accident occurred when a truck was passing a passenger car

and the Maracle truck, when the driver of the truck, Brant Maracle, began to turn left, unaware of the passing vehicle.

The passing truck, struck the load of lumber.

## Mohawk Landing to be commemorated

The annual commemoration of the Landing of the Mohawk in 1784 will be celebrated again this year on Sunday May 23.

The celebrations will begin at 9 a.m. at the cairn at the Landing Park. This will be followed by Holy Communion using Queen Anne's silver in Christ Church.

A lyed corn soup lunch will be given in the Council House.

Guest speaker for the service will be Rev. Clare Scratch of the Society of Saint John the Evangelist.

## Rev. Fletcher opposes capital punishment

In a motion made by Jack Fletcher of Deseronto at the recent synod of the Anglican Church held in Kingston, a call was made that synod support a government bill calling for the abolition of capital punishment.

Mr. Fletcher said the resolution was brought forward by him personally because of his conviction that "life is given to us by God and I cannot agree that man has the privilege of taking that life."

Dagnab it—we've just found out our Penelope ain't no average goat. Well, she ain't no average goat as far as her time for hatching out is concerned.

I've been bawling up on goats in this book by some Limey called Mac-Kenzie and he said right there in black and white that a goat's gestation period was 153 days average.

I figured I'd get a pen ready for her last weekend but I'd have another week any ways. Well, Saturday was such a nice day I puttered around on the fences outside and then on Sunday some visitors came by, so didn't get anything done.

Oh, must tell you about our Sunday friend he's a local professional type, real good in his job and a right human.

Last year he came by looking for a white birch for his yard, so Elmo, she's a garden nut, told him he should root prune it this year, and dig it up in the spring. She gave him instructions as to how this root pruning is done.

I had to go off to town and gave him directions about where there was some birch trees, and off he went in his suit with a shovel over his shoulder.

Sunday he came by to get his tools so I got out the tractor with the front end loader and headed out to the back

40. He told me to stop by this wet hole and I thought to my self, something ain't right.

Well anyway, he done a great root prune job but he did it on two Aspen trees. As I said, he's a right human so we had a good laugh over it and he figured that it was just the tree he wanted in his back yard anyhow.

So because of all of that, our Penelope didn't get a pen fixed up and of course I goes out to look after the creatures on Tuesday and there she was, with two fine kids, a buck and a doe, she'd had just inside the open door where all an sundry had trampled flat.

I called Elmo, and we got straw into a pen and put antiseptic on their little navels and all seemed happy.

Now, we've got to come up with names for the two and get them transferred over to bottle feeding and get our Penelope milking by hand and we're into our own dairy. Nice thing about goats, there ain't no documented cases of T.B. of brucellosis in goats so pasturizing ain't as necessary as it is with cows.

Better stop this chit chat and get on with it all. See you next week.

## HISTORICAL DESERONTO

by Vera Ryan

The horses which appeared with the story last week on bus lines in Deseronto had nothing to do with buses.

The gray was known as a dray or work horse, and the other, a bay mare was a carriage horse.

Behind the horses, were carts loaded with fish boxes. At that time fishing was a source of industry for many well known fishermen, among them, Barney Barnhardt, Alf Joyce, Harvey Keech, Herb Maracle, and tons of fresh fish were loaded on the trains from Deseronto each day.

Many other men started their railroad careers on the Bay of Quinte line, some of these were: Ernest Vanalstine, Brock Thompson, Bill Thompson, Sid Kirchen, Marshall Parks, John Gervison, Bruce Stoddard, Bill Bault, Jay Campbell, John Champ son, Pat McEwen, George Foley, Russell Thomas, Harry Baldwin, Jerry O'Connor, Harold Whiting.

The first General Manager was R.C. Carter, who was followed by Frank Chapman. They did not all work on the trains, but many served in related tasks as telegraphers, station agents, station masters, in the freight sheds and also as dispatchers.

Henry Howard's two older sons

worked with him. Ernie later moved to Oshawa and worked for the railroad there, Hubert later drove the truck to pick up freight and express in Napanee after the trains no longer ran into Deseronto, and the youngest, Leo, worked for General Motors.

Another Howard is now in business in Deseronto, Bill, who is Leo's son. He purchased the stores on George Street, once known as Stover and Sager, later Walkers.

Thus, Hank's grandson and great-grandchildren are carrying on. Some of the family still live here and the others visit as often as possible. Like so many other families who started life in Deseronto, it is still home.

## Confusing opinion from MPP

One wonders exactly what Clarke Rollins, MPP for Hastings-Peterborough had in mind when he "announced that an immediate common sense decision must be made regarding the use of motors, boats and carts on inland lakes in Algonquin Park."

In a press release printed on page 8, Mr. Rollins indicates that he believes it is fair and sensible to bring in regulations stating that motors not exceeding 6 horsepower and boats and carts be permitted on all lakes within the park, while noting that at present 10 horsepower motors are permitted.

Then in the next breath he implies that the position of the Algonquin Wildlands League, which he doesn't describe, is denying use of a publicly funded park to many users.

He then asked "Doesn't every

Ontario citizen have the right to enjoy outdoor recreation and the opportunity to learn about nature.

One is left having read the statement wondering if Mr. Rollins objects to motor boats, or to those who wish to ban motor boats from the park.

Does he wish to preserve the natural state in the park, or does he want to make sure motors, and portaging carts have a guaranteed place in the park.

We agree that everyone does have a right to enjoy the outdoor recreation facilities of the province, but must everyone who wishes to do so be surrounded by the sound of motor boats, and the inevitable refuse of containers.

Are any public parks going to be able to provide for the public, an unspoiled opportunity to really see nature?

## SANDWICH FILLINGS

There is scarcely any food product in any form that can't become a sandwich filling on its own, or in combination.

## CHICKEN FILLING

2 cups finely diced cooked chicken  
2 cup sour cream  
2 cup chopped toasted almonds  
2 tsp curry powder  
combine ingredients, makes 2 cups

## CRESS AND CHEESE FILLING

1 package, 8 oz. cream cheese  
2 cup warm milk  
1 cup grated sharp cheddar cheese  
1 cup finely chopped watercress  
2 tsp salt  
Dash pepper  
soften cheese at room temperature, beat in milk gradually  
add remaining ingredients and blend well. Makes about 2 cups.

## HAM FILLING

1 pound lean ham, cooked, minced  
1 hard cooked egg, chopped  
1 dill pickle, minced  
1 tablespoon catsup  
2 cup sour cream  
2 cup prepared mustard  
Combine ingredients, Makes 1 3/4 cups

## MUSHROOM FILLING

2 cup soft butter or margarine  
2 cup mushrooms finely chopped  
2 tsp salt  
2 tablespoons chopped ripe olives  
In 2 tablespoons of butter, cook mushrooms until soft, cool.  
Cream remaining butter with cooked mushrooms, salt and olives.  
Makes about 1 cup.

## BANANA SPREAD

1 large banana  
2 cup peanut butter  
1 tsp lemon juice  
Mash bananas, combine remaining ingredients, mix well.  
Makes about 1 cup.

## ORANGE BLOSSOM FILLING

1 package cream cheese, 8 ounces  
1 tablespoon orange juice or milk  
2 cup orange marmalade  
1 tsp minced onion.  
Cream together cream cheese and orange juice, add remaining ingredients.  
Makes 1 1/2 cups.

## ROLLED SANDWICHES

Trim crusts from unsliced day-old bread, cut loaves lengthwise into 5 to 6 slices.  
Flatten slightly with rolling pin, brush with melted butter or margarine.  
Spread each slice with 1 cup of sandwich filling, cut into two rectangles.  
Lay a line of pimiento, olive, or small slices of dill pickle.  
Beginning at the end, roll up sandwich in wax paper and twist ends.  
Refrigerate 1 hour or longer.  
Slice rolls.  
Arrange on plates or platter for serving. These may be made in advance and frozen.

# HAPPENINGS

The winner of the Quinte Link Rebecca Lodge #390 50-50 draw held on May 13, was Heather Punchard, of Deseronto.

The Presbyterian Womens Missionary Society and Ladies Aid, met at the home of Miss Gladys Pearse, on May 11.

Mrs. Mabel Moore was in charge of the meeting and opened with a hymn. Mrs. Kay H. ad read the scriptures and the mission story. They hope to attend the spring rally on May 20.

Mrs. Dorothy McCullough was in charge of devotions for Ladies Aid, and gave a very interesting talk on the story of the 23 psalm.

Mrs. Moore read the psalm and led in prayer.

Mrs. Dorothy Fresque read the story of the hymn, "When I survey the wondrous cross."

Mrs. Moore had a Bible Quiz. It was decided to hold a bake sale on July 3, and hymnal sale on Aug. 27, 28. The June meeting will be held in the Centennial Park, if weather permits, and there will be a pot luck supper.

Deseronto Public School beat Quinte Mowak School 24 to 8 in an invitational interschool girls basketball tea. Interschool girls basketball game last Friday

A public euchre was held by the Tyendinaga Senior Citizens' Club on May 11, and the following were the winners.

Ladies high- Elsie Andrews  
Ladies second- Frances Hill  
Ladies Low- Mrs. Edith Higgins  
Mens High- Philip Maracle  
Mens second- Melvin Maracle  
Mens low- Con Maracle

The lucky chair prize went to Doris Smart, and the door prize to Betty Brant.

A cake made by Nancy Beyette was won by Ade Maracle. She gave the cake to the club, and it was sold by auction with Martha King as the highest bidder. The next card party will be May 25, and the next meeting will be June 3, at 1.30p.m.

On Sunday, May 23, the Sacrament of Infant Baptism will be celebrated at the Deseronto United Church.

It is estimated that there will be between 8 and 10 children received.

The guest speaker will be Dr. Douglas Crichton, professor at Queen's Theological College

On Tuesday June 1, there will be a special concert at the Deseronto United Church, to raise funds for the repair and restoration of the church organ.

It is estimated that the necessary work for organ repairs will cost approximately \$1,500.

The Chalmers Singers, of Kingston will be performing sacred and secular music, at 8p.m. June 1. Tickets will be available at the door, and will cost \$2 for adults, and 50 cents for anyone under 16 years.

The afternoon unit of the Deseronto United Church Women met May 11 at the home of Mrs. John Piercy. Fifteen members attended.

Mabel Moon opened the meeting with a prayer. Evelyn Stuart read the scripture from Proverbs Chapter 31 verses 10 to 31.

Pauline Sills read a poem, "to my mother". The minutes of the last meeting were read by Mrs. Sills, and treasurers report was given by Evelyn Hawley.

There was a discussion on left over clothing from the rummage sale. The leader requested a silent prayer for his distress by each member, and the members read a poem, "They call her blessed", consecutively.

Collection was taken and dedicated by Mabel Moon.

Members were reminded of the ordination of the ministers Bob and Bev Thompson, on Wednesday night in Kingston, and were invited to attend. The June meeting will be a joint meeting with the other units and the A.V. Unit has charge of the devotional.

A Strawberry social is being planned for Wed. June 23, in the early evening.

Cathy Piercy, reported on the spring executive meeting, held at Westminster United Church.

Mrs. Piercy Senior, expressed thanks for cards she received.

Evelyn Hawley mentioned the church anniversary and suggested a "Come Home" Sunday for those who had been former members of the church. Bev. Thompson said the benediction and a luncheon was served.

Students at Deseronto Public School are getting in shape for their track and field day on May 26.

Grades 4 to 8 will take part in an all day event that will include all aspects of track and field.

Mr and Mrs. Don MacMillan spent a few days with relatives in Utica, Marcy and Syracuse New York.

## Soil types vary greatly

Soils are as different as people, says Ontario Ministry of Agriculture and Food horticulturist R.F. Gamme. Some are easy to get along with and some are difficult, but with a little extra effort, even the difficult ones become less of a problem.

Adequate drainage and organic matter are necessary for an ideal garden soil mixture. Good soil structure promotes active growth, retains moisture well and provides sufficient nutrients for the plants. He says that the two extremes, heavy and light soils, present some challenges to gardeners.

For example, if heavy clay land is cultivated when it's wet, it puddle and dries out later into hard lumps. Heavy soils are easier to work with and more useful for plant growth when plenty of peat moss, coarse sand and manure are added to them. In

a light soil, clay loam, manure and peat should be added to bind it together. Otherwise it will dry out fast, causing plants to die.

Mr. Gamme recommends that surplus vegetable leftovers, grass clippings or plant residues be dug into the soil. An even better approach is to add them to a compost pile until they have rotted, then dig them into the soil.

## New pathologist is appointed

R.G. Bennett, Deputy Minister of Agriculture and Food, has announced the appointment of Dr. R. J. Julian as veterinary pathologist in the poultry and fur-bearing animal sections. Mr. Bennett also announced the Dr. D.E. Galt has been appointed head of the Brighton Veterinary Services Laboratory, the position formerly held by Dr. Julian.

Dr. Julian will provide consultative services as the Ministry poultry pathology specialist to the poultry industry in the field of poultry health and management and will co-ordinate and supervise the poultry and fur-bearing animal programs at the Guelph laboratory. In addition to this, he will provide specialized services to poultrymen across the province to the professional staff in the ministry's veterinary services Branch and to veterinary practitioners. Dr. Julian will also supervise the Ontario Hatchery Supply Flock Program across the province.

He was raised in the Brampton area and obtained his pre-university education there. He received his degree from the Ontario Veterinary College, University of Guelph, in 1952. Following graduation he practiced for one year in the Wood bridge area, and then for three and a half years in Kenora. He then joined the Veterinary Services Laboratory at Brighton.

While located there, Dr. Julian took a one-year leave and went to Ibadan, Nigeria, where he taught at the University of Ibadan, where he set up a diagnostic laboratory. On his return from Ibadan in August 1966.

he resumed his duties at the Brighton Laboratory. In the year 1973-74, he obtained his diploma in pathology from OVC, University of Guelph.

Dr. Galt, the new head of the Brighton Laboratory, was raised in the Napanee area, and obtained his pre-university education there.

He received his DVM from Guelph, and following graduation he joined a veterinary practice in Seaford, then in 1964 moved to Napanee.

Here he established a veterinary practice in partnership with Dr. R.W. Wilson. In 1970 Dr. Galt joined the Veterinary Services Branch as assistant head at the Brighton Veterinary Services Laboratory. During his years in practice and in the laboratory, he has obtained wide experience in dealing with disease problems in livestock and poultry, as well as fur-bearing animals.

The Veterinary Services Laboratory at Brighton serves the livestock owners and veterinary practitioners in the Counties of Durham, Frontenac, Hastings, Lennox and Addington, Northumberland, Ontario, Peterborough Prince Edward and Victoria.

## ONTARIO LOTTERY CORPORATION

INVITES

## APPLICATIONS FOR DISTRIBUTORSHIPS

The Ontario Lottery Corporation from time to time has territories come available in various parts of the Province for the distribution of Wintario Tickets.

A distributor is required to be actively engaged on a full time basis in the operation of the distributorship, each distributor must employ adequate sales personnel, and maintain sound accounting and clerical office practices.

Wintario distributors are independent businessmen working on a commission basis. A distributor is required to pre-pay for Wintario tickets and re-sell them to the 500 or so Wintario retail outlets in his territory. The current commission structure for each draw is 2½ cents per Wintario ticket for the first 100,000 tickets and 2 cents each on the remaining Wintario tickets sold.

In accordance with an agreement with Olympic Lottery, Wintario distributors presently act as wholesale distributors for Olympic Lottery tickets as well.

Sales reports and audited financial statements will be required by the Corporation.

At present vacancies exist in territories centered in Toronto, Paris and Windsor. Others may arise in the future and all applications received will be kept on file from which any future vacancies could be filled without further public notice.

Interested individuals can obtain further details and application forms by contacting the Corporation at (416) 961-6262 or writing to:

## Quinte News Round Up

Joe Clark, and his wife Maureen McTeer will be visiting Hastings and Prince Edward Counties July 14.

On the theme, "return to Conservative values" there will be a picnic at Zwicks Island at Belleville at which hot dogs and soft drinks will be sold for ten cents each.

Planning for the event and their tour of the area is underway.

For the very first time, every major Court House in Ontario is having its portrait painted. Legal Art Incorporated has commissioned a limited issue series to depict the 52 buildings as well as a delightful series of "out buildings."

Local Court houses include Belleville, Napanee, Cobourg and Kingston Outbuildings of Belleville include Glenmore, Bellevue Terrace, Meyer's Mill and Bridge Street United Church.

The first half of the series will be shown at the Hastings County Museum, from Tuesday May 18 to Sunday May 23. The artist, Stephen Britton Osler, will be on hand to meet the public on Thursday, May 20.

The museum will receive a commission on any sales made through the exhibit. One third of the series is already sold.

The office of Clarke T. Rollins has announced that approval has been given for a provincial grant under the conservation authorities act for the sum of \$3,450.

The grant has been given to the lower Trent Region Conservation Authority to carry out further development in the Kings Mill conservation area.

Agriculture and Food Minister William G. Newman has announced that the grant for artificial insemination paid in Northern Ontario and in Hastings County, has been increased from \$2 per cow to \$4. The increase has been in effect since April 1.

Grants are paid to licensed inseminating businesses for each cow artificially inseminated to maintain high quality dairy and beef cattle in areas where producers' costs are high and the herds are not numerous.

The May meeting of the Loyalist College Board of Governors took place in the College Board Room at Loyalist College with nine members present.

A report was given on the inaugural meeting of an association formed by

Sir Sandford Fleming College, and investigations are underway to set up a similar committee at Loyalist.

The visit of the Honorable Harry Parrott, D.D.S. Minister of Colleges and Universities was reviewed.

The fourth annual Advisory Council meeting was held April 29. Reports indicated that an interesting and beneficial exchange of ideas took place.

Reference was made to the recent announcement of the Ministry of Colleges and Universities regarding the increase tuition fees for foreign students registering in community college programs in September.

Fees were being raised from \$250 to \$750. Similar increases were taking place in the fees for university programs for foreign students. It was hoped that these increases would alleviate the costs of education presently being borne by the Ontario taxpayer.

Rev. C.J. Betts, minister of the Tyendinago parish will be leaving for the parish of Kempsville the week of June 21.

No replacement has been appointed yet but the Patronage Committee of Tyendinago parish is in consultation with Bishop Henry Hill of the Diocese of Ontario to select a new minister.

Mr. Betts has been in Tyendinago for six year and nine months. He was responsible for starting the Nearly New Shop which is now in the old fire hall at the airport. He was involved in the formation of the senior citizens group, the Tyendinago Fifty Niners.

He encouraged local crafts and was a charter member of the Mohawk Fire Department.

During the month of April, the Deseronto Police Force received 74 complaints, and 586 other calls.

There was a total of three reportable traffic accidents, involving no injuries.

Nineteen charges under the criminal code were laid, 13 under the Liquor Control Act and 12 under the Highway Traffic Act.

Two people were arrested for other forces, and five summonses served for other forces.

There was a break in at the Deseronto Public School last month, two thefts under \$50 and one child reported missing.

A stolen bicycle was recovered.

## Gas cans need certification

Sidney B. Handleman, Ontario's consumer minister has reminded all motorists campers cottagers and boaters that changes in the Gasoline Handling Act now require all portable gasoline cans to be certified.

"If a can does not bear the Under writers' Laboratories of Canada, or

CSA label it may not be used to carry gasoline," the Minister warned.

Mr. Handleman's statement came on the heels of reported misunderstanding which developed when service station personnel refused to fill un-certified containers.

"It seems that a large segment of the gasoline buying public is not aware of this legislation. However, a service station attendant who refuses to pump gasoline into an un-certified container is only obeying the law of the province.

"Furthermore, the attendant is aware of the risk to which the purchaser is exposed when transporting or storing gasoline in something other than an approved container," the Minister said.

Both service stations and attendants are subject to stiff fines for contravention of the act.

Herb Jones, director of the energy safety branch of the Ministry of Consumer and Commercial Relations says that since January of this year when this change in the Gasoline Handling Act became effective, there have been no reported incidents of injury or property damage involving certified containers.

## CARDS OF THANKS

Thank you to Dr. Miller, the nurses and staff of the Lennox and Addington County Hospital for their thoughtfulness and care during my recent stay.

Dianna Woodcock

The family of the late Delwin (Winnie) Claus wish to express their sincere thanks to relatives and friends for flowers, donations to All Saints Church and messages of sympathy in the loss of a dear uncle.

A special thanks to Dr. Walsh, the nurses and staff on seventh floor and fourth floor W.C.A. wing of Belleville General Hospital for their concerned care and attention. Many thanks also to Dorothy Jeffries and Rev. Utley for visits and comforting words.

We also extend our gratitude to those who sent food and to Bev and Iva who prepared the lunch on the day of the funeral.

The thoughtfulness and kindness of Peter Morris, funeral director, all the pall bearers and Rev. Cyril Belts, officiating minister, will always be remembered by Leslie Claus and family

## MPP urges park decision

Clarke Rollins, MPP for Hastings Peterborough urged that no motors over 6 horsepower be permitted on inland lakes in Algonquin Park.

"An immediate, common sense decision must be made regarding the use of motors, boats and carts on inland lakes in Algonquin Park.

"As it now stands, motors of 10 horsepower or less have been permitted on all lakes in Algonquin Park. I would support regulations stating that motors not exceeding 6 horsepower and boats and carts be permitted on all lakes in the park."

He said that he was of the opinion that such an approach is sensible and fair to every individual. "I would intend to pursue this matter with the Natural Resources Minister in the hope that we can reach a mutually satisfactory answer for all concerned," he said.

He continued: "when the member for Nipissing raised this question in the legislature, last Thursday, he indicated complete support for the position of the Algonquin Wildlands League.

The League, by its very position wants to deny use of a publicly funded park to the many users, family campers, and local citizens to name a few;

who look forward to enjoying the great outdoors each summer.

"Doesn't every Ontario citizen have the right to enjoy outdoor recreation and the opportunity to learn about nature?"

## Beach patrols will remain

Provincial parks in Prince Edward County will provide beach patrols again this year, said Chuck Matheson, representative of the office of the Ministry of Natural Resources.

The ministry had previously intended to eliminate the patrols but due to public feedback, they were retained.

Outlet-Sandbanks Provincial Park will have eight patrols, North Beach Park and Presqu'ile, three.

## library notes

by Walter Lewis.

The renovations of the back room of the Deseronto Public Library are now completed, and the library is equipped with a new study room and another room for storing the library's archives, and the growing collection of historical materials. These documents will be available to local residents interested in the history of the community.

Presently the search is on for materials to be made available through the library, and to add to the collection. In many cases the library will not need to keep valuable originals, but will attempt to reproduce the item using modern techniques.

At present, copies of the back issues of the Quinte Scanner are being microfilmed. A valuable lesson was learned in the early 1960's, when the Post-Express offices burned in Napanee.

In that fire, most of the back issues of the Deseronto Post were lost. Almost 50 years of one of the most valuable records of Deseronto were thus lost forever.

Microfilming of the Quinte Scanner will prevent such a similar disaster from striking again.

Some copies of the Deseronto Post may still have survived within the community. These papers would prove much more valuable if they could be used, and people should look carefully before tossing out bundles of old newspapers.

The search for material isn't just confined to newspapers. Old photographs of the town, and town residents are also important. Minute books of organizations give an indication of what people were involved in, and the political climate of the town.

Scrapbooks and collections of clippings are substitutes for the moments of historical importance when newspapers have been lost.

Great care is being taken so that nothing loaned to the library should get misplaced or damaged. A system of cataloguing is being set up so

that the name of the person loaning an item is recorded, the conditions of the loan and dates are on file. Nothing will be done to an item without the owner's knowledge and approval.

Permanent donations will also be gratefully received and acknowledged.

If enough material can be dug out of storage on the history of the area, then steps may be taken towards compiling a history of Deseronto and the surrounding area.

The first thing though, is to find out what information still exists.

Mr. Lewis can be contacted at the Library during the day.

## Men feared drowned

Two men were reported missing Monday and are believed drowned in the channel between Adolphus Reach and Prince Edward County.

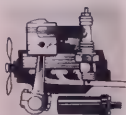

Search operations by the Ontario Provincial Police began Tuesday after a sailboat was discovered near shore and by late afternoon two lifejackets were recovered near where the boat was found.

An OPP spokesman said the ages of the missing persons are 21 and 23 years old by identification will be revealed pending notification of next of kin.

The men left Kingston Sunday apparently on an overnight trip to Belleville.

A helicopter from CFB Trenton, La Salle Search and Rescue of Belleville, the Ontario Provincial Police and several private boats are participating in the searching operations.

## Deseronto legion news

Because of the long weekend, the regular meeting of the Earle J. Brant Branch of the Royal Canadian Legion in Deseronto will be held on Thurs. May 20, not Friday, at 8p.m.

At that meeting the new officers will be installed by Zone Commander Jim Coulter.

The following weekend there will be an opening ceremony to mark the completion of the renovations to the Legion hall, at 2p.m. May 29.

Four canoes, symbolizing the families of Mohawks who came to settle in the Bay of Quinte in 1784, slowly made their way up the bay in bright sunshine to be greeted by a welcoming party.

Canoes were pulled on shore and passengers disembarked to be greeted by Chaplain C.J. Betts.

## Town closes dump

Deseronto Town Council will close the town dump to the public as of June 1 and will work out an agreement with Sutcliffe Enterprises for the disposal of garbage from town residents.

This decision was made at the regular council meeting Tuesday night.

The Council discussed several alternatives before coming to a conclusion, such as installing a container in front of the town barn.

Mr. Sutcliffe, present at the meeting has previously offered to take care of the residents refuse problem for \$60 a week.

Presently, the Town pays \$5 an hour for a caretaker at the dump one day per week. This amounts to \$40 a day.

Mr. Sutcliffe has similar arrange-

ments with Napanee and North Fredericksburgh Township. Clean-up week refuse and Town bulk refuse would be dealt with in the agreement.

Industrial garbage will not be included in the agreement and will be dealt with separately according to the load.

Reeve George Lyons said that in view of such an offer, "the best thing to do is to take it and be finished with all our troubles."

Council agreed with the suggestion of Councillor Marvin Brooks that the permit for the present dump be renewed in August as a safeguard if the agreement with Sutcliffe Enterprises proves unsatisfactory.

Handbills will be distributed to all residents to inform them of the days and hours when they can use the new refuse site.

## Optical's offer conditional

Canada Optical has made an offer to the Town of Deseronto or the County of Hastings to sell part of their property for \$4,000 for 2,100 square feet, under certain conditions.

The company will agree to the transfer of land if the Town or County relocates two flood lights at no expense to Canada Optical; provides Canada Optical with an entrance and exit driveway to the satisfaction of Canada Optical but to the expense of the Town or County; pave parking lot for the uses of the employees of Cana-

da Optical; relieves Canada Optical of any levies in the County or Town for the next 15 years and this would mean sewer and hydro; and that the Town or County draft and agreement where all parties acknowledge the right of Canada Optical to further develop the remaining property as if the land had not been transferred.

"I think this is ridiculous", said Reeve George Lyons. He said that the County has already taken care of the problem and expropriation procedures are underway.

## Museum grant employs three students

A federal government grant has been given to the Hastings County Museum to employ three students to research and design displays for the exhibition cases.

The three students are Pauline Blanchard, Michel Quarterman and Jane Sledge.

Pauline and Michel have recently graduated from Algonquin College in Ottawa in Museum Technology, specializing in interpretation.

Jane Sledge graduated from Concordia University with a bachelor in Canadian History and is completing the Master of Museology program offered by the University of Toronto and the Royal Ontario Museum.

The exhibition cases that are set up in Hastings County show the artifacts that are part of our heritage. They are part of a circuit in many towns in the County.

The students will design new exhibits for these cases under a project called "Historic Hastings".

The museum is open to any suggestions concerning the redesigning of these cases and to anyone wishing further information.

## Accidents reported

Two car accidents occurred during the past week in Deseronto.

Thursday at 11.15 p.m., Rodger D. Killingbeck, of Bath, was driving along Boundary Road, crossed over to Highway 2 and hit the embankment.

He suffered no injuries but his car sustained \$2,500 damage.

Saturday at 9 p.m., a two car collision occurred on Main Street. Harry Thompson of Marysville collided with Amos Moracle of Ryndandaga Reserve. Damage estimated total \$1,500.

## Animals a problem

Deseronto Town Council is considering a more aggressive approach to the problem of dog and cat control in the town.

Councillor Marvin Brooks reported he had received several phone calls concerning cats tearing up lawns, gardens and screen doors.

Mayor Dickinson said that compared to other municipalities "we are a little lax as dogs are concerned."

"If people want dogs they should pay for them," he said.

## Mohawk Sunday colorful event

A large crowd attended the ceremony commemorating the landing of the Mohawk in 1784, Sunday morning.

Four canoes landed on the shores of the Bay of Quinte, near the monument dedicated to the landing, at 10 a.m.

The passengers were greeted by Arnold J. Brant with a prayer of Thanksgiving.

The procession, led by the flag bearer, David Maracle, proceeded to the cairn where a short ceremony was held.

Chief William J. Brant welcomed all those who attended and thanked them for participating in this commemorative service.

David Maracle recited two Mohawk Hymns and Arnold Brant recalled the history of the landing of 1784.

He described how the Mohawk established in the United States had remained faithful to the British crown and chose to come to Canada during the American Revolution.

They landed on the shores of the Bay of Quinte under the direction of John Deseronto, Aaron Hill and Isaac Hill.

Their first act was to give thanks to God for a safe arrival.

After this recall of history, Chief Brant placed a wreath at the cairn.

After an address by guest speaker Rev. Clare Scratch and closing prayers by the Chaplain, the procession proceeded to Christ Church where a service was held.

A corn soup lunch was then held at the Mohawk Community Centre.

Band Council members carried one canoe to the cairn where it was deposited bottom up during the commemoration of the landing of the Mohawks of 1784, Sunday.

Bird's

Greenbush

A large crowd was waiting at the North shore of the Bay of Quinte to witness the celebrations. The procession proceeded from the shore to the cairn, followed by onlookers and photographers.

Chief William Brant deposited a wreath at the foot of the cairn commemorating the land of the Mohawks in 1784 during the ceremony Sunday morning.

I were in the feed mill the other day and a fellow breezes in and says "Well what you sellin' fer seed today?" The bossman come back right quick, "Better wait till next week, we're puttin on a special - rice on" rubber boots!"

I reckon that suns up the weather picture about as far as she needs to be. Great time ter see wild ducks, just take a drive in the morning or evening and you can see all sorts of em feedin' on flooded fall wheat. Our ducks're having a great time shoveling up their field.

Haven't come up with names fer our Penelope's two goat kids yet. Guess we'll have ter live with 'em fer a while longer. I kind of think it might be better not to give the buck kid a name. He's such a cute little begger it'll be bad enough sending him off to the

slaughter house as it is. Funny, never had that problem with lambs or calves but them goats get right into you like a pet dog.

I got ter admit it - that CBC is coming up with some good stuff for our money. That show "Fer King and Country" the other night was a real zinger. All sorts of back room stuff that went as we never heard about at the time. It makes the whole business make a lot more sense. Of course, we don't have but little idea of the same sort of kenniviving and deal s going on behind the government office doors today. It just makes me feel a hell of a lot more certain that they are going on!

Guess I'll go out an' stir the mud in the garden - it might help her dry off. Here's ter livin!

### EGGLESS, MILKLESS, BUTTERLESS CAKE

- 2 cups brown sugar
- 2 cups hot water
- 5 tablespoon shortening
- 1 package raisins (2 cups)
- 2 teaspoon salt
- 2 teaspoon cinnamon
- 2 teaspoon clove

Bring to a boil and boil 10 minutes,  
cool and add 2 teaspoons soda and 2

cups flour.

Mix well and bake in loaf pan for  
1 hour at 350 degrees.

### DATE CAKE

- 1 cup dates cut in quarters
- 1 teaspoon soda
- 1 cup boiling water
- Pour boiling water over, let stand  
until cool and add
- 1 cup sugar
- 3 tablespoon shortening
- 1 egg well beaten
- Mix and add
- 1 3/4 cups flour
- 1/2 cup nuts
- Bake in angel cake pan at 375 degrees  
for 40 minutes.

### CEREAL CAKE

- 1 cup corn syrup
- 1/2 teaspoon vanilla
- 1/2 cup white sugar
- Pinch of salt

Bring to a good boil and add  
1 cup peanut butter  
4 cups corn flakes  
1 cup Rice Krispies  
1 cup puffed rice

Mix all together and pack in square  
cake pan which has been greased.  
Cut in squares.

### FROSTED SPICE CAKE

- 3/4 cup shortening
- 2 egg yolks
- 2 2/3 cups flour
- 1 teaspoon cloves
- 1/4 teaspoon salt
- 2 cups brown sugar
- 1 1/2 cups sour milk
- 1 teaspoon cinnamon
- 1 teaspoon baking powder
- 1 teaspoon baking soda.

Cream shortening, add sugar and  
egg yolks, add dry ingredients alter-  
nately with sour milk. Spread batter  
in greased 15 or 10 inch pan or roasting  
pan.

Cover with frosting (see below).  
Bake about 45 minutes at 350 de-  
grees.

If smaller pan is used, bake batter  
15-20 minutes before spreading icing.  
Do not remove from oven, spread  
icing quickly and continue baking.

### FROSTING

- 2 eggs
- 2 egg whites
- 1 cup brown sugar
- 1/3 cup chopped nuts
- Beat eggs until stiff, add sugar and  
sprinkle nuts on top.

### VERY QUICK NUT CAKE

Beat 3 eggs very light and thick,  
combine 1 cup sugar and a pinch of  
salt,

1 cup finely rolled Graham crackers  
1 cup chopped nuts

Fold into beaten eggs with 1/2  
teaspoon vanilla.

Grease and flour bottom of 8  
inch layer pan and pour in batter.

Bake in moderate oven 20-25 min-  
utes. Cool before serving.

### FROSTINGS

Frosting (or icing, or glaze or topping)  
is the final touch to a cake. In  
addition to the flavour it imparts,  
frosting is also a decorative device.  
There is no end to the patterns you  
can create with a spatula, a pastry  
tube and a little imagination.

The following chart shows how much  
butter cream frosting you need for  
cakes of various sizes.

9" in layer - about 3 cups (including  
centre)

8 in square - about 1 1/2 cups

9 in square - about 2 cups

13 in by 9 in cake - about 2 1/2 cups

10 in tube cake about 2 cups

## Quinte News Round Up

A Horse-a-thon will be held in Milford on June 6. The event is sponsored by the South Marysburgh Recreation Committee and proceeds will go towards financing the new lights needed for the Milford Ball Diamond.

The riders will start at the Milford Fairgrounds and will go through several farms towards the south shore of Lake Ontario and return to Milford.

North Addington Education Centre will hold an arts and crafts show August 6 and 7.

The show will be held with the co-operation of the North Addington Guild, the county school board and Loyalist Community College of Applied Arts and Technology, Belleville.

Local artists and craftsmen in the northern part of Lennox and Addington County served by the school are eligible to take part.

The Quinte Film Society in conjunction with the Hastings County Historical Society, is presenting a film entitled "Olympiad" at the Glamour house Thursday, June 3.

The film was made 40 years ago by Hitler's personal cinematographer, Leni Riefenstahl, and records the events of the Olympics in Germany in 1936.

Joe Clark, leader of the opposition, and his wife Maureen, will visit

Hastings and Prince Edward counties on July 14, announced Jack Ellis, MP for Hastings.

Mr. Clark is to speak on "the return to Conservative values."

A late afternoon picnic is planned for the visit at Zwick's Centennial Park in Belleville.

George Foster, reeve of Sophiasburg, would like to see a fountain at the site of the old county home for the aged but was opposed by members of the social services committee who said that the project was too costly.

Committee chairman and reeve of Picton Larry Richardson told county council Tuesday that, because of a tight budget that allows for no extras, there are no funds available for the project.

### Quinte Old Timers

Some 47 members of the Deseronto Quinte Old Timers Club were welcomed by President Ada Cloud on Wednesday May 19.

The meeting was opened with the National Anthem and the Lord's Prayer.

Vice-president Mabel Moon took charge of the business part of the meeting and called on the secretary, Maurice Detlor, to read the minutes of the April meeting.

A report of the Executive Committee was read and the meeting confirmed recommendations for the club to take a trip to Niagara Falls on June 23. The hiring of a bus was left to the Sports Committee and some 37 tickets were sold at the conclusion of the meeting.

It was decided to accept and offer of U.S.C.O. to supply membership card and club stamp for the sum of \$3. The club indicated it was in favor of attending a Peace Park Festival and Veterans Memorial Service at the Lester Pearson Peace Park on Highway 7 near Madoc on Saturday, July 17. The cost of transportation will be reported at the next meeting by the Sports Committee.

An invitation was extended to the club to sell tickets at the Lion's Expo-

sition at the Community Centre, June 5, 6, and 7 and it was decided not to have a home-bake table this year.

The treasurer's report show a balance of \$699.77 after paying expenses of \$133.08. Reports of Welfare, Membership, Social and Sports Committees followed.

Two new members, Mr. and Mrs. Percy Stone, were welcomed to the club. Two minutes of silence were held for the late Norman Davis and a silent prayer for the welfare of Gordon Topping.

Jess Silver reported the club had received an invitation to play shuffleboard in Napanee during Senior Citizens Week. Further details will be given at the June meeting.

## Great Canadian Race will follow Seaway

The Great Canadian Race between Toronto and Montreal on June 19 to 26 will pass through the Quinte area by either land sea or air.

Any mode of transportation is acceptable for the race, such as hot air balloons, magic carpets, camels, pogo sticks, bathtubs, etc.

Contestants will set out from the Canadian National Exhibition grounds in Toronto and proceed along the St. Lawrence River route to Montreal.

Prizes will be awarded in all categories, with a Grand Champion being chosen by a combination of popular vote and a panel of judges. The public will be able to vote for their favorite during a telethon by pledging one dollar for every vote, up to a total of ten dollars.

Proceeds from entry fees, \$10 per category, and the telethon will be turned over to charitable organizations and the Canadian Olympic Fund.

## School beginnings recalled

by Vera Ryan

In a few weeks the public and high schools will end another year and many children will be home for the holidays.

It might be interesting for some to know the beginning of the schools in town. The first school, consisting of two rooms, was situated on the market, now Edmon Street, in the building now known as the fire hall. The first public school principal was E.D. Vandervoort who later graduated as a Medical Doctor and practised in Deseronto until his death. His assistant in the school was Miss Mattie Clark.

The first School Board Chairman was Mr. W.R. Aylesworth, the man who surveyed and laid out the Town of Deseronto.

In 1877, an "up to date" three-room school was built on the hill at a cost of \$1,400. Mr. Vandervoort was still the school principal. The teachers were Miss Irvine, Miss Jessie Porter and her sister. They received a salary of \$300 per year.

Miss Irvine later married James Dryden and Miss Porter became Mrs. George Clement.

The first inspector was Mr. John Johnson of Belleville, followed by Mr. Clarke of Belleville and Mr. Reid of Napanee. They served until 1934.

Later H.H. Langford was the inspector. In 1892, to accommodate an overflow attendance, classes were held in every available space, the old Town Hall, several large rooms over stone properties and one class in the new high school.

Finally in 1908, the school was completed with ten classrooms available. One of the reasons for the additions was great number of people coming from other countries to work for the Rathbun Co. The primary rooms were so overcrowded that classes were held in relays.

During those difficult years a number of teachers gave faithful service.

Outstanding and loved by all the names of Miss Viol et Smith, Miss Lena Warren, Miss May Hunt and Mrs. Mackenzie were just a few who merit special attention. Not once

but many times did these devoted women provide needed articles for many children and it should be remembered that their salaries were \$600 per month.

The list of principals is a lengthy one and many well qualified men gave a wonderful service in their duties. Two of these were Mr. L.H. Luck and Mr. Manley Ostrander, both of whom guided the work of the school very efficiently.

Although fuel was plentiful and cheap, heating was a problem. Each room was heated by a large wood burning box stove partly surrounded by a tin rack holding a supply of wood. The fires were cared by Mrs. Abbe Soger. Later these stoves were replaced by coal heaters.

Among the many hundreds of pupils who received their early education in this school and later became prominent in the business and professional world, several names stand out: Senator Tom Brown, New York State; Senator Frank O'Connor, founder of the Laura Secord Co.; the Hatch Brothers; Herb and Harry and Mr. E.W. Rathbun.

Many others remained in town and worked and gave their time and talent for the betterment of Deseronto.

## Bulbs need summer care

With the unseasonably warm weather during the first part of April, spring-flowering bulbs have grown very quickly and blossomed early this year. Producing those masses of leaves and flowers takes a lot of energy out of the bulbs, which means they need to be revitalized.

"After blooming, an application of a complete fertilizer, such as 10-10-10 will help encourage continued growth and replenish of the bulb," says J.K. Hughes, a horticulturist with the Ontario Ministry of Agriculture and Food.

The leaves are important for the continued growth of the plant and should not be removed until the foliage yellows and begins to die. If leaves are removed too early, bulb development is stopped and the quality of the display can be affected.

When the leaves begin to die, they should be removed from the beds and destroyed, to prevent possible disease problems in the soil.

## Experience '76 program employs local students

Experience '76 is getting underway in the Napanee District of the Ministry of Natural Resources. This program which is designed not only to provide employment opportunities for young men and women throughout the province but to have young people gain work experience in their chosen field and to contribute to Ontario's well being.

A total of 46 students, some from high school some from Community College and some from University will be actively pursuing resource oriented jobs throughout the Napanee District. Workers will be located at Ferris Park, Presqu'ile Park, Frontenac Park, Outlet-Sandbanks Parks, Codrington Fish Hatchery, Glenora Fisheries Research Centre, Camden Lake

Wildlife Management Area and Napanee District Office. Their activities will range from beach clean up to resource surveys to scientific research to clerical work.

Projects will last from seven to fourteen weeks with approximately half of the workers being female. It is expected that the students, the Ministry of Natural Resources and the people of Ontario will derive benefits from this excellent program.

## Spring canoeing hazardous

Whether you are using a canoe for fishing, tripping or just pure pleasure, the Ontario Safety League suggests you keep in mind the various precautions necessary to overcome hazards during the spring of the year.

Many of the dangers confronting canoeists in the spring, such as poor weather, overloading, tricky water can be overcome if a little planning is done and a lot of common sense is used.

At this time of year, it is prudent to canoe on water that you know you can handle. If you are an amateur you should pick a river, flowing at a gentle speed of three or four miles an hour, so that you can learn how your canoe responds to the current. Or, if you just want to practise paddling strokes, you should pick a sheltered bay where the water is tranquil so that you can get the kinks out of your knees and warm up your

muscles with little danger of a gust of wind catching you off balance.

There are two reasons why the Ontario Safety League offers this advice. Firstly, the weather is so variable right now that a strong breeze can come up quickly and, before you can adjust your position in the canoe to compensate for the change in wind velocity, you find yourself in a difficult situation. Secondly, capsizeing from now until July is extremely dangerous because water temperature is cold enough to cause hypothermia, which is the loss of body heat from the inner core of the body, leading to unconsciousness and death from exposure.

If you do capsize, don't panic. Fill the canoe full of water, climb in and paddle ashore as quickly as possible, using your hands and arms to get there.

The Ontario Safety League asks you to wear an approved life jacket or personal flotation device wherever you canoe this year.

## HAPPENINGS

This young lady seems to wonder what is happening as she took part in the celebrations commemorating the landing of the Mohawks, Sunday.

Mrs. Mabel Moore and Mrs. Kay Hood had a very enjoyable day on Thursday when they attended the Women's Missionary Society Spring Rally at St. John's Presbyterian Church, near Kingston. There were 93 women present from various church groups of Kingston Presbytery. The guest speaker was Mrs. M. Diganji who gave a very inspiring message. Luncheon was served by the ladies of the church.

Mr. and Mrs. Merton Cummings of Mill Street, Deseronto, entertained and held a progressive Euchre on the evening of Wednesday, May 19.

Three tables were enjoyed. The ladies first was won by Grace Hudson, ladies second, Elsie Palmer, got lone hand prize. Bernise Lord won the booby prize.

The men's first prize was won by Leo Palmer, second prize by Gordon Shulman. The lone hand was won by Leo Palmer and the booby prize by Walter Hudson.

After the games a dainty luncheon was served by the hostesses.

Mr. and Mrs. Coventry and Mr. Ross Weaver of Picton were recent callers on Mrs. J. Hines. Mr. Weaver is Mrs. Hines' brother.

Anyone having items to donate for the Church of the Redeemer Rummage Sale on Aug. 27 and 28 are asked

to contact Mrs. Mabel Moore.

Miss Joan Howard of Belleville, Mrs. Audrey McRae of Lonsdale and Mr. and Mrs. Harold Martin of Richmond were Saturday callers on Mrs. Lottie Anderson to help celebrate her birthday.

Mrs. Beryl Herman and daughter Mrs. Leonard Foster returned home on Monday after spending two weeks in Calgary with another daughter, Wendy Brant and her husband Rustel. They traveled by Greyhound Scenic Tour bus and had a lovely trip.

Glad to hear Mrs. Doris Reid has returned home from the hospital after undergoing surgery.

### Empey Hill

Mrs. Ruby Tucker

Mr. and Mrs. A. Middlebrook, Steven, Glenda and Michelle Lindsay were weekend guests of her parents, Mr. and Mrs. Fred Allport.

Mr. and Mrs. A. Burgess, Newburg, Mrs. S.E. Winter, Napanee and Mr. and Mrs. Bert Winter were Sunday guests of Mr. and Mrs. Harold Winter.

Tyendinaga East Women's Institute met Tuesday evening at the home of Mrs. W. Johnston with a good attendance.

A number of people from here attended the funeral of the late Mrs. Robert McFarlane at the Tierny Funeral Home

Wednesday. Mrs. McFarlane was a resident here a few years ago. We extend sympathy to the relatives.

Sorry to report Claude Nugent is quite ill. All wish him a speedy recovery.

Mr. and Mrs. Jim Kimmerly, Waterloo, were weekend guests of Mr. and Mrs. Harold Kimmerly and Larry.

Sorry to report that Don Shelley Sr. is in Lennox and Addington County Hospital. We wish him a speedy recovery.

Mrs. S.E. Winter, Napanee, spent a couple of days last week at the Harvey home.

## New riding boundaries for federal election

The new riding of Prince Edward will now include the Townships of Hungerford and Huntingdon and the Village of Tweed as requested by Hastings MP Jack Ellis.

Mr. Ellis explained that the townships and Tweed share a strong community interest with the remainder of the new Prince Edward riding.

The new riding includes the City of Belleville, the town of Deseronto, the Townships of Tyendinaga and Thurlow and Prince Edward County.

These changes will be effective for the next federal election.

## Tourism creates jobs.

## Here's what Ontario is doing to attract tourists...and what you can do to help.

The development of tourism in Ontario contributes substantially to our province's economy. It represents 150,000 jobs, \$2.6 billion in revenue, and boosts our image all over the world. And the money that tourists spend helps pay for Ontario's own needs.

Your Ontario government is working hard to promote tourism by helping develop tourist facilities, maintaining travel information offices, and advertising Ontario attractions to promote our province as both vacationland and convention centre.

But that's only part of the job. You can help with the other part. After all, the best part of any trip is the people one meets - and when visitors come here, you are the people they meet. So you can help Ontario - and indirectly, yourself - by being friendly to tourists, by making them feel welcome. That way, you'll be "selling" tourism, "selling" Ontario, and helping us all.

Naturally, the more you yourself know about Ontario, the more knowledgeable you'll be when you talk to others. So get out and look around. Take your own holidays in Ontario - it's a great province to visit even when you live here, with places you've heard about all your life but probably never seen.

Write for a free "Get to Know Ontario" kit which includes the Travellers Encyclopedia, "Coming Events," and a provincial road map.
